

Greetings,

The Foundation and I are pleased to announce the 20th Annual Scholarship Golf Tournament to take place on Wednesday, June 9 at Sunflower Hills Golf Course in Bonner Springs, KS. The purpose of this wonderful event is to raise awareness and financial support for scholarship recipients in the Kansas City, Kansas Public Schools.

The Foundation was founded in 1990 by the former Superintendent David Lusk and former Assistant Superintendent Carl Bruce. The initial goal was to establish \$500 scholarships for two of our high school seniors and a way for the community to come together in support of the school district. Because of the vision of those two administrators, the Foundation has given over 215 scholarships throughout the past 19 years. The goal this year is to award \$3000 scholarships to twelve deserving seniors. This can not be accomplished without the support and generosity of district administration and staff, community members and, of course, our business partners.

We look forward to seeing you on June 9 for a great day of golf at the Sunflower Hills Golf Course.

James White, President
KCK Foundation for Excellence
